

MADE BY HAND

KNIT-WIT PENDANT INSTRUCTION MANUAL

Dear customer

Congratulations on your Knit-Wit lamp.

Light transforms the space we live in, and with inspiration in the classic rice paper lantern and in the sphere of the sun the ambition for Made by Hand was to develop a new timeless, decorative knitted lamp for the modern home.

In this leaflet you will find useful and important instructions on how to assembly and mount your Knit-Wit lamp. Not two spaces are alike, so the specific space should guide you on the best use of your Knit-Wit lamp.

Should you have any questions or concerns, please contact your local store, or email Made by Hand on info@madebyhand.dk

Best wishes,

Made by Hand

CONTENTS

1 x Knit-Wit shade
1 x Socket with 3m cloth cord
1 x Canopy

Bulb not included

CAUTION!

Before assembling your lighting fixture, refer to the section entitled ELECTRICAL CONNECTIONS. If you feel you do not have electrical wiring experience, consult a qualified licensed electrician before installing.

GENERAL

1. To ensure the success of the installation, review the diagrams and instructions thoroughly before beginning.
2. All electrical connections must be in accordance with local codes, ordinances, and the National Electrical Code.
3. Before starting the installation, disconnect the power supply by turning off the circuit breaker or by removing the fuse at the power off. Using the light switch is not sufficient to prevent electrical shock.

NOTE

The safeguards and instructions appearing in this manual are not meant to cover all possible conditions and situations that may occur. It must be understood that common sense, caution, and reasonable care are factors which cannot be built into any product, these factors must be supplied by the person(s) caring for and operating the fixture.

FINAL ASSEMBLY

1. Slide the canopy onto the cord.
2. Spread electrical splices and connect them to the electrical outlet.
3. Place the fixture so the outlet box and splices are completely covered by the decorative cover.
4. Fixture assembly, please refer to the drawing. Make sure each arm is equally fitted.
5. Insert light bulb. Refer to the lamping information supplied on the fixture.
6. Restore power

Your fixture is now ready for use.
